## Inclement Weather Days

Grace Academy does not follow the public-school system on closings and delays. Decisions for delays and closings will be made by 6:30am. In the event of inclement weather, a text alert will be sent. Information will also be posted on raysweather.com. If inclement weather occurs once the school day has begun and a decision is made to close early, Grace Academy will use the same procedure as stated above. Snow days that occur on Mondays and Wednesdays will be made up on the Friday of the week that they are missed unless inclement weather that Friday requires rescheduling. Students will have home classroom assignments that will need to be completed regardless of inclement weather. In the case of a school schedule change or cancellation due to inclement weather, teachers will adjust the day's assignments and post an up-dated page by 10am that day. When this happens, parents must reprint the up-dated lesson plans and place it in their child's Student Binder.

## Seventh Grade Flag Projects

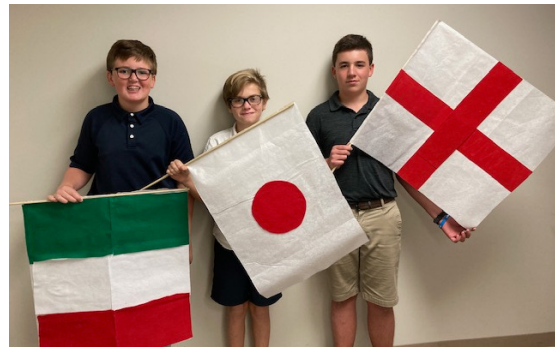

Mrs. Plyler tasked her seventh grade students to recreate flags for the countries they are studying in Geography class. Each student was assigned a country and had to research the history, symbolism, and imagery of its flag. The projects will serve as decoration for the Middle School State and World Fair during which students will present reports on their states and countries as well as fix food dishes that the state is famous for. Stay tuned for pictures of this event coming soon. Enjoy these recreations!
